### 28.6.

The 16th Arlberg Classic Car Rally transforms Lech into a paradise for classic car fans at the end of June. With historic vehicles and varied routes, race director Armin Schwarz ensures a unique experience.

At the Arlberg Classic Car Rally, drivers and spectators alike get their money's worth. The motto "With friends through alpine dream scenery" promises a relaxed atmosphere in the middle of the Alps.

#### LECH IN FULL BLOOM

During the meadow blossom in June and at the beginning of July, Lech shines in vibrant colors. Where in winter countless skiers whizz down the slopes, in summer mountain herbs, a wide variety of flower species and rare orchids grow. It's worth taking a closer look.

## July

---

### 18.7. – Walser Meeting

### 20.7.

The Walser Meeting has been bringing together Walser people from all over the world every three years since 1962. Lech Zürs am Arlberg hosts this special festival full of tradition, music and community.

By the way: many a love affair was born at the legendary Lech music festival.

A cloud of conviviality hovers over Lech this weekend. Experience the 72nd Arlberg Music Festival – a festival of brass music, which combines tradition and joie de vivre, with first-class bands, rousing sounds and a unique atmosphere in the large festival tent at the Schlosskopf parking lot in Lech.

With the finest delicacies in your rucksack, the trail leads along the Lechbach stream. At one of the numerous barbecue areas – equipped with a barbecue, table, seating and dry wood – a cozy break beckons, to prepare the food you have brought with you over the fire.

## DIANAS

### *Highlight*

The Lech Classic Festival and the Jazzbühne Lech are my absolute highlight in the summer.

The fact that we in Lech are able to host two such top-class music formats is something very special for me as a music lover.

## ADVENTURE FOR THE WHOLE FAMILY

From 6.7. – 9.9. Arlberg Alpin offers exciting outdoor experiences in the heart of Lech. The experienced guides know the most beautiful corners of the mountain world. And best of all: With the Lech Card, children and families can take part in the weekend program free of charge.

# September

## 5.9. – Transalpine Run

6.9. The Dynafit Transalpine Run powered by Garmin celebrates its big anniversary in 2025 – and with a spectacular route. In 7 days from Lech am Arlberg to Lake Reschen in South Tyrol, over 243 kilometers and 15,135 vertical meters, on a 90% new route with three new stage locations.

---

## 23.9. – Philosophicum Lech

28.9. In a world in which safety has top priority and every risk is minimized, there is little room for the unpredictable and surprising. But isn't it precisely the unpredictable, that leads us to our true selves?

“Nothing ventured is nothing gained” – perhaps it is precisely the confrontation with the unknown, that allows us to surpass ourselves. Can we still dare to live life with an open mind, to experience the real adventure?

DAVIDS

## Highlight

The golden autumn not only brings the most beautiful hiking season, but also the hunting season begins and with it for me the most beautiful season on the Arlberg: Nature in radiant colors, warm, golden light, clear air and wide views.
